Friday, 15th October 2010

Presentation Starts at 12.15pm sharp, Ends 1.00pm

Chaired by: **Eric Tan**

Diving on Esso - West Tuna Concrete Gravity Structure

Safe planning and execution of diving:

Esso - West Tuna Concrete Gravity Structure - Base Roof Cleaning Program

Presenter: **Brett Shields – HSE Manager, Cal Dive International (Australia)**

Cal Dive is one of the largest marine diving contracting companies in the world and currently employs approximately 2,000 full-time offshore construction and operations support personnel. Cal Dive owns and operates the world's largest DSV fleet, the largest diving corps and the largest array of diving equipment in addition to offering diving services off customer vessels and platforms. This presentation will cover the above mentioned project, along with the challenges involved.
